## SOCIAL EVENTS

All news for this department must be at The Republican office Thursday evening. All items must be signed.

SOCIETY EDITOR.

No better proof of the keen interest society folk is taking in the Red Cross movement could be demonstrated than the daily attendance in the class rooms in all kinds of weather. Not only have the classes been well attended but during the recreation period close study has been devoted to the first aid and nursing work when not occupied in soliciting membership for the national Red Cross, or for articles or fruit for the boys on the border. Among the

society girls particularly interested are Miss Eleanor Sloan and Miss Marion Dorris who are taking the first aid course, which will be completed Wednesday. Miss Mildred Stacy is giving her undivided attention to both the first aid and the nursing courses and is to be seen every evening paying strict attention to lectures and regular class instruction. She had planned leaving for southern California but abandoned the house party given at one of the smart beaches by her sorority to remain and finish her course. She will not leave for the coast until she has passed the final examinations which will be held the middle of August.

Mr. and Mrs. C. E. Hall gave a tennis party Friday evening which was followed by a swimming party and picnic supper at Riverside Park. Among those there were Mr. and Mrs. W. R. Battin, Mrs. R. L. Parker and E. R. Parsons.

Miss Eunice Wingo was the guest of honor at a picnic supper at Riverside Park.

## CLUB NOTES

Official Organ State Federation of Clubs

"The Red Cross membership campaign has proven the patriotism of the Phoenix club women," declared Mrs. Ed Shaw, regent of Maricopa Chapter Daughters of the American Revolution and prominent club woman yesterday.

Mrs. Shaw was the leader of the movement in this city and is still actively engaged in the work.

"So many are away that it was impossible to get representation from some organizations. Perhaps the most remarkable personal response was from Mrs. J. L. E. Alexander with the Mary Brody Auxiliary of the Spanish War Veterans when five members reported for work with only six of that organization in town," she said yesterday.

The Daughters of the American Revolution, with a total membership of about thirty-five, about two-thirds of whom are out of town, had four campaigners working and secured something like fifty new members for the Red Cross besides about \$25 in contributions, through desk donations and the penny boxes loaned by the adjutant of the Salvation Army.

Mrs. Shaw also donated the amounts already in the boxes. The musicians club, with the president, Mrs. W. R. Battin, secured 64 new members Monday and Tuesday, besides cash contributions.

The Madison Improvement club and the Civic League each furnished workers who added materially to the enrollment during the two-day campaign but the largest list handed in by any worker was that of Mrs. T. E. Welch, who increased the list by adding eighty new members. The Associated Charities assisted wherever needed.

Last, but not least by any means was the work done by the Colored party of friends in the north who have planned a camping trip in the White Mountains for the coming month.

Mrs. William Burton McCandless, Mr. and Mrs. Clinton Campbell who have been residing in the country for the past year have taken up their residence in town. They are domiciled at 261 North Fourth Avenue.

Women's Federated clubs under Mrs. George P. White of South Eleventh Avenue. While not securing so large an additional enrollment as some other organizations they have taken up the Red Cross work in earnest and will contribute to the supplies and make a continued effort to interest the portion of the population which can only be interested through their efforts.

On the whole, taking everything into consideration, the Red Cross work has progressed most favorably.

"Everywhere we were treated by marked courtesy and we are especially grateful to the banks, hotels and public places where our penny boxes were located. Our list of stations were as follows: Adams Hotel, D. A. R.; Jefferson Hotel, Associated Charities; National Bank of Arizona, Mary Brody Auxiliary; Phoenix National Bank, Civic League and Madison Improvement club; Valley Bank, Musicians club; Central Bank, W. O. W. A group of girls representing the Y. W. C. A. worked on the street and at various public places."

A study of the ballot will be made by the Civic department of the Glendale Woman's club, Mrs. C. H. Tinker, chairman. At a recent meeting it was decided to have a series of lectures, one of which will be given before the primary election and one or more after the primaries and before the general election. The ballot will be fully explained. The women are determined to have a clear insight into questions to be voted upon before called to pass their ballot. It is understood that men in high affairs of the state will be asked to lecture although the lectures will be conducted along a strictly non-partisan plan.

The Orangewood-Ramona club met Wednesday afternoon at the home of Mrs. J. W. Rice to discuss the ways and means of assisting the Red Cross. The matter will be gone into more extensively at the next meeting a week from Wednesday when the president's traveling fund will also receive attention.

We hold fast to our fast color standard.

The club has already given its formal endorsement to both movements.

Plans for financing the Osborn Parent Teacher Association will be discussed at a meeting of the circle Tuesday afternoon at the home of Mrs. Charles E. McQueston. An informal

gathering was held last week but nothing of a definite nature could be determined. It is possible that the policy in effect last summer may be renewed, the association giving a series of social events from which proceeds were derived.
